

DOCUMENT TITLE

Subheadline

1. DIRECTORY

1. Directory	2
2. Headline - First Category	3
2.1. Headline - second category	3
2.1.1. Headline - third category	3

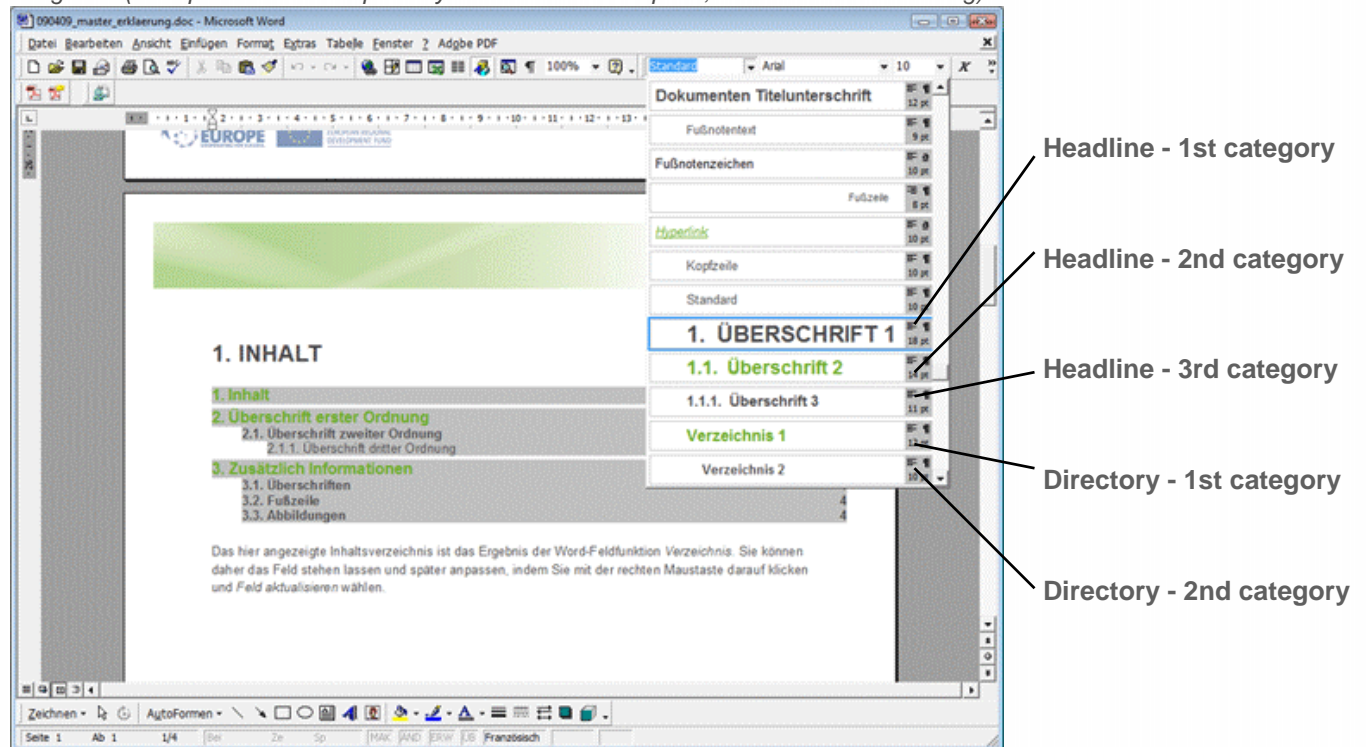

There is no need of filling in the directory by hand! The directory is the result of the following text as long as you use the given stylesheets. You can fill it automatically by using right mouse button/refresh.

2. HEADLINE - FIRST CATEGORY

2.1. Headline - second category

Standard-text comes automatically after headline of second category/break (all kinds of text are pre-defined in the style sheet drop-down above).

Image 2.1 (Give pictures a description by: Menu/Insert > Caption, for automatic numbering)

2.1.1. Headline - third category

You can enter standard-text (all kinds of text are pre-defined in the style sheet drop-down above).

Image 2.2 (Give pictures a description by: Menu/Insert > Caption, for automatic numbering)

footer (see at the very bottom): To generate a correct footer take care of a plausible filename.

footnote: ¹

¹ You can enter a footnote (all kinds of text are pre-defined in the style sheet drop-down above).
