

CERIM Elevator Pitch Competition

Budapest

Date: 5 May, 2011.

Dear Inventor!

ValDeal Innovation Ltd. organizes an elevator pitch competition where innovative ideas will be presented by Central European researchers and innovators to international investors.

The event is organized in the frame of Central Europe Research to Innovation Models (CERIM) project implemented through the CENTRAL EUROPE Programme co-financed by the ERDF.

This investor conference gives the possibility to technologies and their potential investors and distributors to get to know each-other – to build business and scientific relations enhancing the competitiveness of Central European scientific projects.

Owners of bright ideas are welcome to present their inventions in 60 or 90 seconds' speeches in English highlighting the most important economic features of their ideas.

For application and further details, please get in touch with ValDeal Innovation Ltd soon: ideas are pre-selected before the event.
